## map GROWTH **GALVIN ANNAN** Winter 2022 Family Report

Page 1 ID: 224782268 | Grade: 10 07X625 - Walkabout Bronx High School

**What is this report?** A summary of how your child is performing academically, as measured by the most recent MAP Growth test.

**What do Achievement and Growth mean? Achievement**—How well your child has learned skills in a subject compared to similar students nationwide. **Growth**—A measure of your child's personal progress over the year.

**What is MAP Growth?** A test that adapts to your child's responses in real time to measure your child's skill level.

**What is a RIT score?** The overall score for a subject based on a Rasch unit (RIT) scale that indicates how your child performed in a subject.

**Why is my child taking MAP Growth?** MAP Growth scores help teachers check student performance by measuring Achievement and Growth. Teachers use results to tailor classroom lessons and to set goals for students.

\*Similar students — kids with same starting RIT score, same number of weeks of instruction, and in the same grade

**How can I use this information to help my child?** Talk to your child's teacher. Here are some questions you can ask:

- What types of strategies are the teachers using that I may be able to reinforce at home?

Does my child need extra help in any specific areas?

- How can I help my child's academic growth from home?

How do you measure my child's learning in your classroom? When will my child's **progress be measured** again, and when can I get an update on my child's academic growth?

How is my child doing in comparison to grade-level expectations?

- What will my child be working on to continue growing or to grow **towards a mastery of grade-level standards**?

**Where can I get more information?** Check out <https://nwea.org/familytoolkit/> for more information on MAP Growth, how it works, what **it measures**, and FAQs.

For sample tests in all subjects, visit <https://warmup.nwea.org/>.
